## YOU ARE CHILDREN'S HEROES!

*Ankur For The World* has completed its' first cause collaborating with Mr. Radhakrishnan, trusty manager of *Smt. RAJESWARI RADHAKRISHNAN CHARITABLE TRUST* in India. The organisation helps disabled and economically weaker children from remote areas in India to find their sponsors and receive their right for education.

In April 2018 we have received a list of more than 200 children who are in need of funds to strike out their tuition fees. We won't hide that was extremely difficult and emotional to select only few of the children from that long list. After careful scrutiny based on scholar accomplishments and economic situations, we have selected 7 bright students to support with the funds we raised, thanks to you - AFW Supporters.

**At the end of the day, we are motivated by children.  
Their potential. Their health. Their futures. Thank you  
for supporting us!**
